THE SHOOTING AT THE FLORAL MILL. -In our last issue it was stated that two keepers at the Floral mill had an encounter on Tuesday evening last, and that several shots were fired. From a reliable source, yesterday, we learned that the individual who did the shooting had been employed by the Sheriff as keeper, and was discharged. His name is Short. He did not shoot at one of the keepers at the mill, but turned loose promisen-ously with a Henry rifle at the residence of Jacob Clark—Mr. Clark's wife and children being in the house at the time. Officer McKee was sent for, and hurried to the scene; but Short had escaped—a seaseh of over an hour failed to find him. Short seems to have fired at Mr. Clark's short seems to have heed at Mr. can residence because he thought a man was within with whom he had had some trouble; no other reason can be surmised. If arrested he will be, as he should be, severely punished.

IMPORTANT NEW DEVELOPMENTS .- The developments that are being made in the eastern part of this district are attracting renewed attention. Several important strikes have been made within the last strikes have been made within the last ten days. Mines which are located on the flat on the east side of Spring Moun-tain are developing wonderfully, the ore being equal in richness to that taken from the mines on Panaca Flat, and, from present indications, the ore bodies will prove as large and extensive as those the famous Raymond & Ely and Hermes. We venture to say that the developments which will be made within next sixty days in that part of Ely District will create as much excitement as did the immense strike which was made a year and a half ago in the famous Laghtner shaft.

PRECAUTIONARY STAPS. -- Yesterday Foreman Holland and Assistants examined all the hydrant plugs in the city, and repaired all that needed repairing. They are now in good working order. Mr. Holland has also had boxes constructed in which to deposit hose in different parts of the city, as follows: On Cedar street, near the Episcopal Church, 200 feet; at the corner of Main and La-cour streets, 150 feet; and at the Califor-nia Market, Main street, 150 feet, and 600 feet on the carriers (The 600 feet on the carriage. These are wise precautionary steps, making Pioche as well provided with facilities for combating conflagrations as are possessed by any town in the State. Engines we have not got, and do not need them, as there water pressure of 200 feet in all parts of the city.

DEPRAVITY .- Some of the hoodlums have been valorously chastising "their women," so we are informed. Complaints were entered in some of these cases, but withdrawn, afterwards, on petition of the complaining witnesses. We would publish the names of these depraved wretches if we thought they had my shame left; but men so lost to every feeling of manhood as to live on the pro-ceeds of lewdness, and then, dog-like, illtreat the unfortunate beings who thus clothe and feed them, are beyond the reach of shame

J. F. GILMER'S DEPARTURE. - Mr. Gilmer, of Gilmer & Salisbury, started for Salt Lake yesterday morning, himself manipulating the ribbons, as the regular driver was unwell. Mr. Gilmer is so well impressed with the general business prospects of Pioche that he may spend considerable of his time with us the coming summer. He will return in a few weeks. He counts his personal friends in this section by hundreds.

NATRAN MAYER is now in the city as the representative of the well-known firm of Kullman & Armer, San Francisco, importers and dealers in eigers and tobaccos. For nine years this house has been established, has been constantly increasing its business and extending its patronage in that time, and to-day ranks with the very first importing houses on the Pacific coast. Mr. Mayer will solicit orders in Pioche.

LTMCH'S RESTAURANT.—A new feature has been added to this popular establishment, the better to accommodate and please all classes of customers, in the shape of private eating rooms. Lynch "knows how to keep hotel;" every delicacy obtainable he is sure to have on his tables, and everything is served in the best style. Give him a call. County Commissioners.

Monday, March 10. Present D. A. Fulks, T. J. Jones, C. R. Carden, and P. B. Miller, Cler's.

Bills were allowed as follows: W. L. Hudnall, labor on Court-house and jail, \$433; Pioche laundry, washing for hospital, \$117; D. A. Fulks, salary, \$100; C. R. Carden, salary, \$100; T. J. Jones, salary, \$100.

Petition of residents of Main and Mc-Cannon streets relative to closing up highways was read and laid over. Statement of Surveyor Schoppmann

was ordered filed.

D. Wilkin was released from further liabilities as surety on the official bond of T. A. Stoutenburgh, Justice of the Peace of Pioche Township.

Said Stoutenberg was ordered to file an additional bond as said Justice of the Peace in the sum of \$5,000 gold coin within ten days from the date hereof.

It appearing to the satisfaction of the Board that the mining companies Alps, Chapman and Peavine had been wrongly assessed, it is ordered that the County Assessor correct said assessment. Adjourned.

ELECTION NOTICE.-The notice published else-where of an election of the qualified electors of this school district. to ascertain whether they are in favor of a special school tax to raise a sufficient fund to construct a school-house ade-quate to the necessities of the district, will be read with gratification by all friends of education, whether they are parents or not. We are much mistaken in the public sentiment of Pioche if the vote will not prove overwhelmingly in favor of the tax. It is thought the new edifice can re ready for occupancy by the first of next July.

THE MUDDY IRRIGATING DITCH .- The Mormons, in abandoning the Muddy Valley in the Spring of 1871, left behind them, among other valuable improvements, a large irrigating ditch eighteen miles long. It has became filled with sand, and the successors of the original claimants are now cleaning it out, that it may be used for irrigating the coming summer. Its construction must have cost thousands of dollars, but an outlay of a few hundred will put it in good condition again. The Mormons never realized a dollar from their labors.

CONDITION OF THE ROADS,-The Hamilton stage roads have not been in a worse condition within the last three months than at the present time. Mud is said to be almost as deep on Patterson mountain and in White River Valley as snow was three weeks ago. The Hamil-ton stage has arrived behind time the last three trips.

Sr. Patrick's Day Ball .- Capt. Haniy is having tickets printed for a ball on St. Patrick's Day. It will also be the occasion of celebrating the opening of his fine new hall, just completed. We have no doubt Armory Hall will be crowded with participants. The various commit-tees will be announced in an advertisement in our next.

GENERAL DELIVERY AT THE POSTOFFICE. The following new regulations have been established by Postmaster Barnes: Open at 8 o'clock a. m., and close at 7 p. m., town time. Thus the people will have access to the general delivery of the post-office eleven hours continuously each day, except Sundays. The Sunday rules are unchanged.

MIKE HARRIGAN was yesterday brought before Justice Stoutenburgh to answer to the charge of assault with intent to do great bodily harm. He plead not guilty, and the preliminary examination will take place to-day. Star, the man stabbed by Harrigan, is able to be out on the street, but he was badly hurt.

THE NEW TOWN LAW .-- We have reviewed our hurried synopsis of the new town law, published a few days ago, and believe it to be strictly correct with this exception, that the law shall go into operation when a majority of the residents, representing three-fifths of the property. petition the Commissioners therefor.

More Improvement .- Our enterprising friend, A. C. Gordon, on Lacour street, first door above the Postoffice, has been renovating his establishment and extending its conveniences within and treating it to a new coat of paint on the outside. It is vastly improved in appearance.

BENEFIT TENDERED TO MR. LINDSAY .-As will be seen by cards elsewhere, some of our prominent citizens have tendered a benefit to Mr. John S. Lindsay, who is a good actor, a worthy citizen, and an esteemed gentleman. We bespeak for him a crowded house.

Hose House.—The hose house has been thoroughly repaired and put into the best condition for the secure and proper keeping of the hose and carriage. Everything in the Fire Department is now ready for action at the first peal of

In the District Court, yesterday, the time was taken up exclusively with the trial of Haggarty, indicted for murder. A night session was held, and the case had not been given to the jury at the time we closed the forms.

THE prospects of the Standard mine have brightened very much lately. We will pay it a visit the coming week. Su-perintendent James expects the new hoisting machinery to soon come to

THE mud has dried up and walking is good on the sunny sides of our streets. The muddy torrents still flow down from the hill-sides, however, and pedestrianism

is difficult in places. Anoruen patient was yesterday admitted into the County Hospital, but we failed to obtain his name or learn the character of his ailment,

Event arrangement is being made to make the ball of the Society of St. Vincent de Paul, on the 17th inst., a great

About twenty witnesses have been subpoened in the case of the State vs. Haggerty, pending in the District Court.

THE Mexicans are now going beyond the Spring Mountain divide to load their donkeys with fire-wood for market.

NEW SALOON AND FREE LUNCH .- The building formerly occupied by the Lagrue restaurant, on Meadow Valley street, will to-day be opened by S. D. Potter & Co. as a saloon. It will be kept open day and night, and the bar will be supplied with the best wines, liquors and cigars in the market. Well furnished clubrooms will be connected with the establishment. A free lunch will be spread this evening. A general invitation is

FOR THE BENEFIT OF GEORGE MCKEAN. To-night the net proceeds of the theater will be given to George McKean, the victim of the Peacock mine disaster. "Under the Gaslight" will be presented. Let every citizen of Pioche purchase a ticket, whether he uses it or not. Five hundred, at least, ought to be, and we believe will be, disposed of. Mr. Ma-guire's generosity in this matter will be appreciated by his patrons.

THEATER.-A good house last night and all well pleased. To night the "Gaslight" for the last time -for Mr. Mc-Kean's benefit. Dollar tickets will be sold by Mr. Gorman to-day, as well as tickets for reserved seats. The occasion insures a crowded house.

THE RECORD office is turning out a superior class of job work, and our mercantile friends are invited to inspect the specimens of bill and letter heads, busi-ness cards, etc. Prices reasonable.

THE Floral mill will soon be running

THE RECORD office has a new sidewalk
